

A FAMILY NEWSPAPER.  
SHELBYVILLE, KY., WEDNESDAY, MARCH 16, 1870.

VOL. IV: NO 39.

SHELBYVILLE, KY., WEDNESDAY, MARCH 16, 1870.

WHOLE NO. 195

embraced those who are most  
to accept the situation of ne-  
drage, and regard it, as for all  
purposes in the present, as  
adjudicated. This statement of  
leaves nothing but the ques-  
policy as to the methods of  
g the negro vote. No prac-  
man will deny the right and the  
ency of every honorable effort  
rol, for our own protection,  
gro suffrage club which our  
have seized to break our  
withal. We are in favor of  
this, and intend, by every

by believing our own prin-  
ciple, or attempting to live to the  
letter. We will not debase ourselves  
by this feature, as well as  
other features of the recon-  
struction, in any other light  
than an act of unmitigated, use-  
less and tyrannical to the South.  
Experience, too, teaches us that  
to us the negro, arguments  
are to his head, or persuasion  
heart, are as utterly without  
effect as the deafest of deaf.  
We get a negro vote by selling  
him a lie, not true, that we look  
his suffrage as a forever settled  
dead issue. It will only in-  
crease his insolent self-importance  
and him more strongly to our  
side, because they are on the  
side. Rather let him be made  
to feel that he is on his probation  
water, and that the time will  
come when his white superi-  
ority has to determine this ques-  
tion if he adheres to our C.  
emies he will have to share

knows no law but the law of his own domination. He is the tried and true champion of the white man, and definitely the most readily accepted champion of his power. Put him in charge of responsibilities, and let him see the consequences. What we need is white unity. Secure that and we can carry the State. It is but a matter of breath and dignity to make it possible to people who have neither power or judgments—the will-wavers of Yankee carpet-bagging. We must look to white men for deliverance. If it does not come by our own efforts, it will come, through white immigration, the rapid extinction and the annihilation of the black race through the hands of the grave. They are

**She Didn't Mean To.**

It is sometimes a pleasure to be even on a rainy day. It is a momentary one, but pleasure is not always less intense because it is borrowed or stolen. Reflections, doubtless, came into the mind of a young man a few blocks away who rejoices in the prospect of a clerk, and does business in the street. During one of those days of which we have read so many, he was standing in front of his establishment, waiting for a passing interview between a fellow-clerk and the fellow-sister. The young lady star-

back. Both young gentlemen turned around, and were proceeding to their business. The sisterless clerk felt a pair arms clung around his neck, mouth pressed lovingly by bud lips.

"I got to kiss you, Charley," laughing explanation.

"You did 'em!" replied the blushing.

"I screamed the lady.

"I rapturously aspirated the young lady begged pardon.

"I thought it was Charley. It is to say the parson was read, and the assurance given offence was taken.

**Bourbon Items.**

Good Templars are still exerting their protecting arms over unanimity. New members are every meeting; and the Paris now ranks as the largest in the state. They number nearly three thousand.

Edward J. Wheat is announced as a candidate for county surveyor.

James T. Throckmorton is announced as an independent candidate for sheriff.

Wm. Hibler reports between 400 and 500 mules on the market, most of them from Indiana. Yearlings brought from \$181; Illinois colts, \$46 per head.

Good two-year-olds brought six to seven cents; Lydick reports about 500 of different grades, two-yearling from six to seven cents;

**TO OBTAIN RICH MILK.**—Desire to obtain rich milk and bland give your cows three days a mixture of salt and slightly warmed, in the proportion of one pint of salt to two of water. In practicing this regularly, you will find that your cows will give more milk, from the effect of this twenty-five per cent more in volume; and at the same time will become attached so to it, that unless very much refused clear cold water, they will not drink it. If full, morning noon and night will be sufficient.

## Local Items.

Reading matter on every page of the SENTINEL.

**ILLUMINATED CARDS!**—The new thing out. Call at the SENTINEL office and see specimens and prices. We furnish them at Philadelphia prices.

**Mr. William A. Jones** has sold his residence, on Main street to John T. Hearn, for \$5,510.

**Dr. E. Caspari**, the proprietor of the water cure at Peewee Valley, died suddenly on last Saturday.

**Jesse Robinson** has sold to Johnson Robinson 300 acres of land without improvements, near Simpsonville, at \$45 per acre.

**A. P. Carrithers**, of this county, raised 18,565 lbs of hemp on 11 acres of ground.

**Rev. S. B. McPheters**, pastor of the Mulberry Presbyterian in this county, is, we regret to learn, expected to die. He has been greatly afflicted for several years.

**Rev. Thos. M. Vaughan**, who has been sick so long and whose recovery was considered doubtful, is now improving, and we are glad to learn that favorable hopes are indulged in his restoration to health.

**J. H. Duncan**, the Post Master at Bagdad, informs us that post offices have been established at Jacksonville and Bailey's Store in this county. All mail to supply that route will go by way of Bagdad.

**Mr. R. O. Gathright** has just returned from Mississippi. He reports the mule market extremely dull. In politics Sambo is on top. Negro legislators and officers are as common as carpet-baggers.

**At the sale of Mr. W. D. Harris**, on last Thursday, one mare brought \$188, another brought \$149, a filly \$63, a mule colt \$70, yearling mares \$107 50, cattle \$1 to 7c, 2 work mules \$214 50 and 217, unbroken mules \$101, and hogs \$c.

**Circuit Court** is in session, Judge H. W. Bruce, presiding. Col. Phil Lee the Commonwealth's Attorney is sick and unable to attend to his duties. In his absence J. A. Morris, Esq., fills his place. This is an eminent recognition of the legal ability of Mr. Morris.

**The decket** is unusually small.

**W. E. Maddox** oversaw Marshall, narrowly escaped serious injury a few days since. He was in a buggy when the horse took fright, the lines broke, and to save himself he jumped out. In his fall he fractured a bone near the wrist. He is now convalescing in an interesting manner.

**On last Saturday night**, on the Lawrenceburg pike leading from Frankfort, a man by the name of Benj. Farmer, a butcher, was shot in his head by some unknown parties. The ball penetrated his head just above the eye, instantly killing him. No clue has as yet been found to the murderer.

**Finch Hogs**—Mr. J. V. Morton has bought from T. G. Crutcher 5 thorough-bred Berkshire Gels, 3 of them about 10 months old, with pig by Mr. Crutcher's imported boar, Robert Lee. 2 of them about 8 weeks old weigh 64 lbs., the other 77 lbs. The two last out of an imported sow and by an imported boar. They are as fine pigs as can be found anywhere. Mr. Morton is now turning his attention particularly to raising fine hogs, and expects soon to be able to furnish buyers the very best that can be found in this or any country.

**THE FARMER'S CLUB**—A large amount of matter having accumulated in this issue, we omit our report of the Farmers' Club proceedings until next week. The fact that the subject discussed last Saturday will be up for investigation at the next meeting, is additional reason for publishing the entire discussion in one paper. The admirable essays read at the last meeting by Dr. J. D. Board and Col. John F. Davis, will be published in the report of next week.

**PUBLIC ENTERTAINMENT AT BAGDAD, KY.**—The Thalian Society will give a Public Exhibition on Tuesday night the 18th of March, for the benefit of the Bagdad Church. Admission of gentlemen 50c. Ladies and Children 25c. Performance to commence at 7 o'clock.

**HEMP**—There was a considerable excitement in this city last week in the hemp market. As we get it from the farmers, it seems that the manufacturers had formed a ring to keep the price of that article down. Into this ring went all the manufacturers save one. For some cause or another the members of it lost confidence in each other, and commenced to bid against each other, and soon sent the price of hemp up to \$8 per hundred. The farmers of course took advantage of this, and sold freely. This war of the manufacturers raged fiercely until Friday evening, at which time the price of hemp was at its highest point. On Saturday buyers found that they had contracted for a good quantity, and were disposed to hold off and force the price down again. Some of them that had paid \$8 Friday evening, were only offering \$7 Saturday morning.—*Leg. Statesman.*

A few of the retail dealers in New York commenced yesterday to pay out silver coin in change to their customers. It is expected that by next week, unless there is a sudden upward turn in gold, their example will be generally followed. Many of the banks have been buying in specie from the bullion brokers with a view to paying silver for small change in place of fractional currency.

**The Cincinnati Southern Railroad bill** has been rejected by the Kentucky Legislature. It will probably come up in some other shape as the friends of the road are not willing to give it up.

**HUMBOLDT AND HOOPLAND**—Which is the greatest? While the one has explored the almost inaccessible mountain regions of South America and added largely to our geographical knowledge, the other has given his attention to the mitigation of human suffering, and in his invention of the famous German Bitters, known in this country as Hooftland's German Bitters, has conferred an invaluable boon upon mankind. Dyspepsia, Liver Complaint, and Nervous Debility are speedily and permanently cured by this remedy. For sale by druggists everywhere and is also sold.
